Reception Newsletter

Summer term 2017

Dear Parents and Carers,

This term our topic is '**In the Garden**'.

We will start our topic by learning about minibeasts, observing their habitats and behaviours. We will create our own minibeast museum where we will observe living minibeasts. After half term, we will then move onto learning about plants and how they grow.

Your child will continue to work in a small group each morning, improving their phonics skills in 'Read, Write, Inc' sessions. You can help at home by encouraging your child to read and write signs, letters, recipes etc as well as reading stories with them on a regular basis. Children will still be working their way up the planets, towards the Sun, on our 'Read for the Stars' chart.

Your child will be taught maths daily with the rest of the class. There will be opportunities for the children to practice and further their maths skills in our areas.

We will continue to be spending time outdoors. Please ensure your child has suitable clothes for the weather.

We will be cooking in class on a regular basis in our aim to promote healthy eating.

As always, if you have any questions or anything you would like to discuss, please do not hesitate to speak to me. Thank you for your continued support.

Miss Waring
